Pre-Congress Workshop	Asst Prof Ng Teck Han
Free Paper Poster	Prof Mohammed Fauzi Abdul Rani
Free Paper Oral	Dr Ahmad Fadzil Abdullah
Publication	Dato' Dr Sapari Satwi Dr Ahmad Fadzil Abdullah

## Welcome Message

It is our pleasure to invite you to attend the 10th Annual Congress of the Malaysian Thoracic Society to be held in July 2008 in Kuantan, Pahang. This year's Conference will coincide with the 2nd National Interventional Bronchoscopy Workshop, a clear sign of the advancement respiratory medicine has made in our country. We have invited leading international and national experts in various fields of respiratory medicine to benefit clinicians, nurses and allied health professionals through discussion and exchange of ideas.

The theme "Multidisciplinary Approach to Comprehensive Respiratory Care" epitomises the importance of close co-ordination between various related

disciplines to deliver a comprehensive care to our respiratory patients. A serene coast line in the East Coast with a bustling city that is Kuantan, will be the venue for our Conference. You will find a nice blend of traditions and modernity in the food, culture and cuisines to enjoy. The experience will be cherished for a long time to come.

We are looking forward to meeting you in July 2008 in Kuantan in what promises to be an enjoyable event.

**Prof Mohammed Fauzi Abdul Rani**

*Organising Chairman*

*10th MTS Annual Congress*
